

Facility	Needs	Comments
1. Middle School	A. Science Labs and Computer Labs B. Commons Area C. Building to Building Travel - Security D. Classroom Availability E. Serving Lines @ MS F. Fine Arts and Gym	<p>Committee was concerned that the current “Middle School” could not be renovated to meet the needs of the “District.” Concerns consists of overcrowding in the commons area, additional serving lines in the lunch room, additional science labs, and building to building security.</p> <p>The committee had a great idea of moving the 5th grade back to the elementary to accommodate future overcrowding, that could ultimately buy the “District” more time.</p>
2. Parking Lots & Lighting	A. All Parking lots have a need – Events Center & North High School Lot B. South Parking Lot for Band – new spot for band C. MS Parking Lots D. Softball - None E. Front Parking Lot @ MS Hazardous and small	<p>Committee discussed the need to improve all asphalt parking lots. Each parking lot needs to be re-surfaced.</p> <p>Lighting is also a concern for all parking lots, especially the “Event Center Lot”.</p> <p>Another concern was the parking lot entrance/exit’s going on to Kerfoot and 289. Not wide enough for two cars to fit.</p> <p>The committee discussed the safety of children crossing hwy 289. The “District” provided the group with the email and phone number of the local TxDot representative for the area.</p>
3. Extracurricular Facilities	A. Visitors Bleachers B. Field Houses, Locker rooms, Bathrooms, Event Center locker room size C. Track and Football Field Astro turf D. Weight Room-New facility E. AC and Lighting in old gym	<p>The committee discussed the lighting in the old gym. They discussed the possibility of replacing the lighting with T5 lights that could save the “District” money over time with energy consumption.</p> <p>The committee talked about installing AC in the old HS gym. The discussion was about moving the two AC units from the old elementary gym.</p> <p>The committee discussed the possibility of adding field turf for the football, baseball, softball fields and resurfacing the track. The committee discussed the cost the “District”</p>

	<p>F. Football Concession Stand</p> <p>G. Tennis Courts</p> <p>H. Score Boards</p>	<p>incurs over a period time with fertilizer, water, mowing maintenance, and paint. The group also discussed the safety that the turf could provide over a regular grass field. Other discussions included: GYA, Band, PE Classes using the fields with no damage to the surface.</p> <p>Discussion about sprinklers are spraying toward the track</p> <p>The committee discussed the safety and size of the current dressing facilities for athletics. Examples: Walls, flooring, showers</p> <p>Visitor Bleachers: Safety and ADA compliance</p>
<p>4. Traffic on Tiger Lane</p>	<p>A. Additional Entrance or Exit</p>	<p>The committee discussed the traffic issues on Tiger Lane. An additional road was discussed that could eliminate the current traffic problem.</p>
<p>5. Administration Building</p>	<p>A. Board Room Size</p> <p>B. Chamber Meetings</p> <p>C. Upgrade Appearance</p> <p>D. Storage Room</p>	<p>The committee discussed the future size of the administration building that would allow for a larger board room. Other discussion included, upgrades to the appearance, more storage and future offices for additional employees once the size of the "District" increases.</p>
